

How to get a new Facebook token:

Navigate to the url: <https://developers.facebook.com/apps/788247842185302/dashboard/>

In the menu click on “Tools”, navigate to Graph Ai Explorer

Make sure Meta App is Jüdische Stimme, and User or Page is User Token, like this:

David Nelband

Access Token

EAALM6ECg4FYBAGGLNeF98DZC0kq4ngcRKcrJrYTSqnwmJjZB1aTvBURZCP70vZC2IW1ZC

Meta App

Jüdische Stimme

User or Page

User Token

Permissions

× pages_show_list

× pages_read_engagement

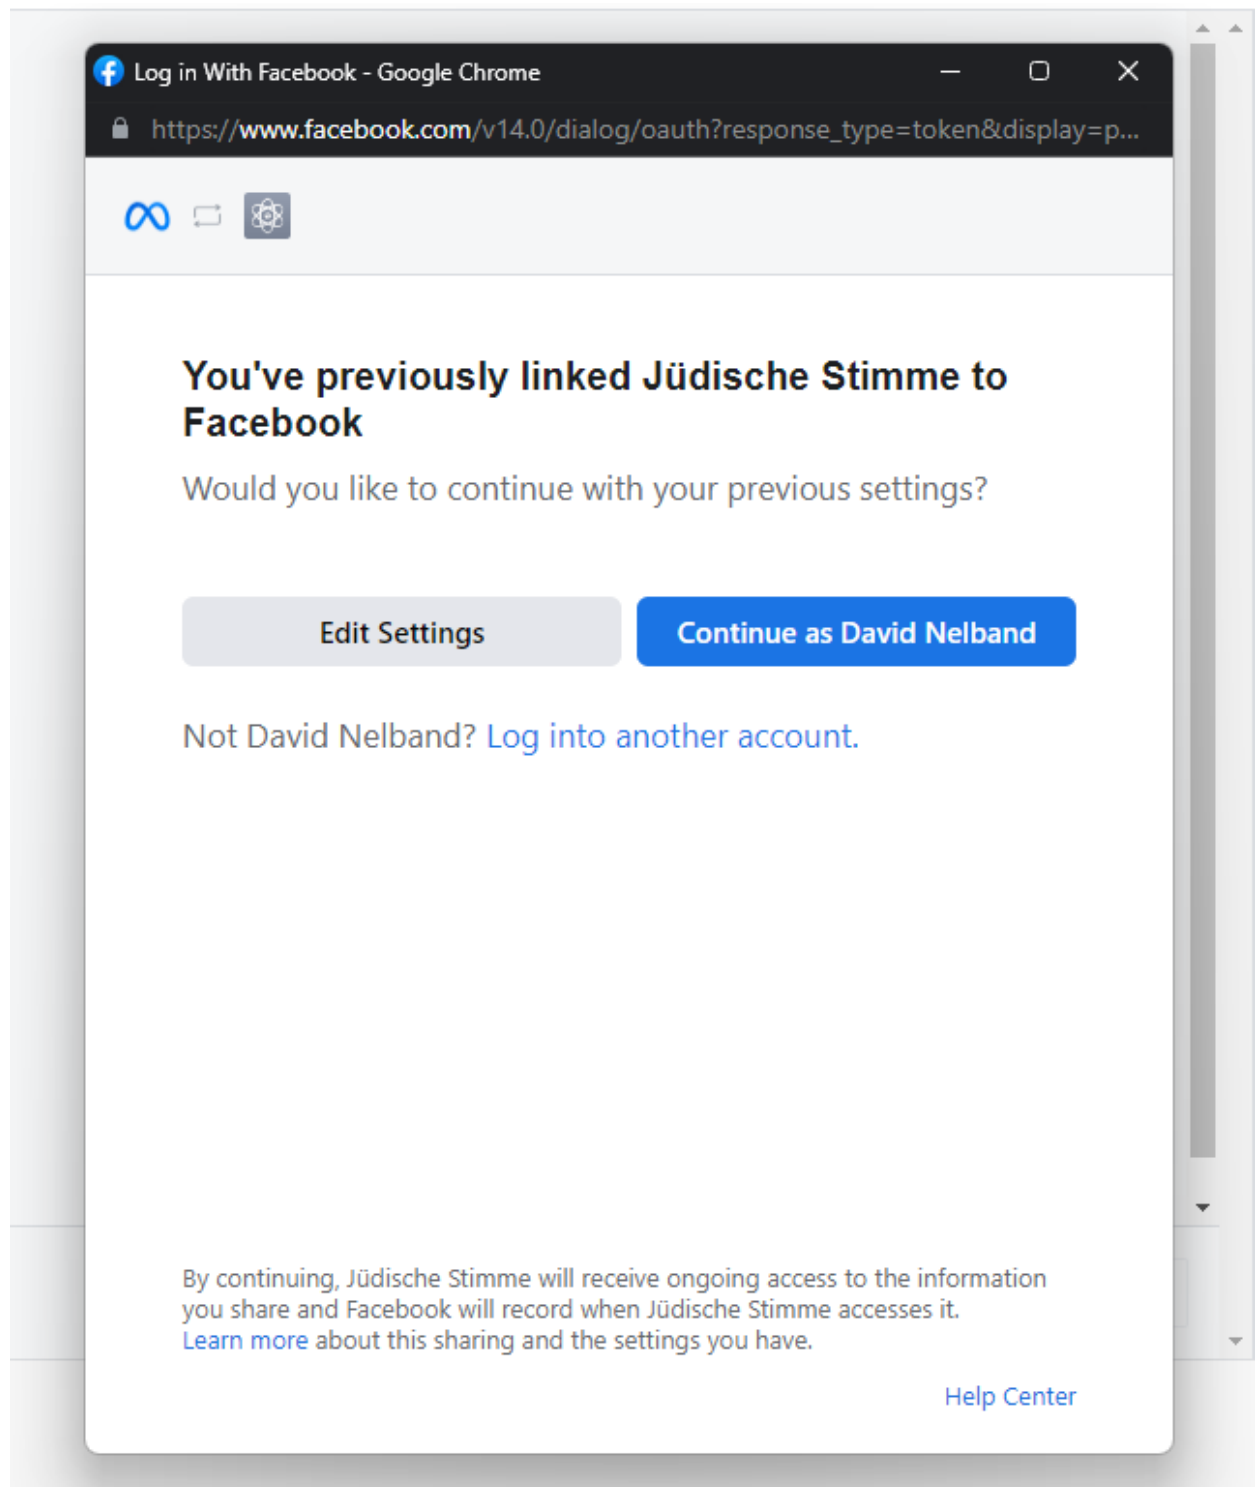

× pages_read_user_content

× pages_manage_posts

public_profile

4 options selected

Click “Generate Access Token”, a popup window will appear, and continue as your user.

Copy the Access Token, navigate to

https://graph.facebook.com/v14.0/10159680185703617/accounts?access_token=

Put the copied access token after the equal sign

Copy the access token under data and paste in the admin panel and submit

```
